

# Mandorah marine facilities upgrade

## Construction notice for harbour users

The Northern Territory Government is delivering new marine facilities to improve and maintain public transport services for residents and visitors to Mandorah, Wagait Beach and Belyuen.

The new facilities include a new boat ramp, toilet facilities, car park upgrades and an improved experience for ferry users.

As part of the staged works, construction of the southern breakwater is underway at the project site north of the Mandorah Jetty.

**Harbour users are urged not to enter the construction area marked by hazard markers and lights.**
